SITUATION AND DESCRIPTION

Satley House is an impressive stone built detached house, situated in a beautiful garden site extending to approximately 1.5 acres, and positioned at the end of a long driveway with excellent privacy and shelter provided by the mature trees surrounding the house. The Grade II listed period house, formerly the Vicarage for St Cuthbert's Church in the 1970's, has been occupied as a family home by the present owners for 27 years, and over this period the stone built outbuildings within the rear courtyard have been redesigned to create versatile spaces, including home office/studio, snooker room and leisure wing.

The accommodation comprises; reception hall, sitting room, dining room, library/study, magnificent drawing room, kitchen, breakfast room, ground floor family bathroom/wc, drying room, utility room, and a leisure wing - gym areas, wet room and external hot tub. To the first floor there are seven bedrooms, three en suites, and a bathroom and separate wc. To the second floor there is a large attic room and within the courtyard a snooker room and games room. Within the outbuildings there is a fuel store, store and workshop and double garage.

Externally there are mature lawned gardens and woodland to the rear, with a private driveway with parking for several cars and a rear courtyard.

The impressive country house, extended from its original form in 1834, is centrally located in the village, close to the Church and about four and a half miles from the popular village of Lanchester with excellent local amenities including shops, restaurants, farm shop, bank and schooling.
