DEVELOPMENT

We are delighted to present to the market a high quality development of new build properties delivered by All Saints Living. Having previously converted and renovated 5 characterful homes adjacent to the current site, All Saints Living are now offering 4 unique and versatile link detached dormer bungalows.

Combining a high specification finish to produce characterful yet modern homes in this stunning rural setting, great care has been taken to ensure thoughtful design throughout. Being adjacent to the newly renovated 'Stamford Lea' estate, the bungalows are in keeping with the surrounding homes.

Each property has an individual style to distinguish it, whether in terms of landscaped grounds, a particular view or internal arrangement, with open plan dining kitchens and well-appointed bathrooms and en-suite facilities.

The project is a superb addition to the already thriving hamlet of homes just outside the pretty rural village of Rennington, which is an ideal base for town centre amenities in Alnwick or exploring stunning Northumberland countryside.

COUNTRY SETTING

EACH DISTINCTIVE HOME enjoys stunning rural views to the surrounding countryside. Rennington village with its traditional country pub and superb community Village Hall are only a short walk away via a public footpath.

Embleton village with miles of sandy beaches and dunes on North Northumberland Heritage Coastline is only 2.9 miles away. The village has a local shop and post office, primary school, church and several pubs and restaurants as well as links golf course.

Alnmouth is to the south and one of the most prominent villages on the Heritage Coast. It is a charming place to visit, bustling with shops, cafés, pubs and restaurants. Foxton golf course is also located here.

The historic market town of Alnwick is famous as the home of the Duke of Northumberland, Alnwick Castle and Gardens, and of course now a magnet for all Harry Potter fans.

The market town of Alnwick offers a range of amenities including numerous shops, restaurants, hotels, public houses, theatre/cinema, leisure centre with swimming pool and schooling for all ages. The town is serviced by four main supermarkets: Sainsbury's, Morrisons, Lidl and Aldi.

Access to the remainder of the region is available via the A1 trunk road leading north to Berwick and Scotland and south to Morpeth and Newcastle upon Tyne. There are further commuting possibilities available via the main East Coast railway station at Alnmouth with direct regular services south to Newcastle Central, London's King Cross and north to Edinburgh's Waverley Station.

HISTORY OF STAMFORD LEA

THE FOUR LINK DETACHED DORMER BUNGALOWS at Rennington are within an area of land formerly known as the paddock, adjacent to 5 recently renovated properties. Two of the five existing homes date from the early 1800s and were refurbished by All Saints Living in 2015. Black Rock Forge was the former home of the village blacksmith and The Masons Arms the local coaching inn. Both have been restored to an exceptionally high standard, bringing not only the buildings but the village back to life. The remaining properties within the hamlet were developed from disused accommodation intended for pub guests.

The five homes at the entrance of the Stamford Lea Estate are all inhabited, with the current residents bringing a real sense of community to the small hamlet. Each of the buildings was architecturally designed to complement the original structures, as well as the natural surroundings, with the four new dormer bungalows continuing the use of sandstone seen in the original 5 Stamford Lea homes.
