A STUNNING NEW DEVELOPMENT OF FOUR LUXURY HOMES

HARROW GRANGE

CONTEMPORARY LUXURY

HARROW GRANGE IS A STUNNING NEW DEVELOPMENT OF 4 LUXURY HOMES, SET WITHIN AN EXCLUSIVE PRIVATE ESTATE WITH VIEWS TO THE WEST OVER OPEN COUNTRYSIDE.

A new development by Harrow Living, this niche, executive development of 5-bedroom detached properties, is situated in a semi-rural location on the outskirts of the popular market town of Morpeth.

Set within the boundary of the Morpeth Green Belt, Harrow Grange offers you a rare opportunity to purchase an individually designed home of the highest quality, boasting wonderful views over open fields and mature woodland. Local Planning restrictions prevent the further development of land to the West, and to the surrounding areas.

The houses at Harrow Grange will be positioned in each of the four corners of the site, and are individually tailored to their plots, with gated access via a central courtyard. Plot 1 will benefit from its own private access from the entrance lane.

External grounds are complimented by brick/stone walls, and estate railings reinforcing the rural character of the development. A considered landscaping design, including the planting of new trees/vegetation to areas flanking the site, will further enhance the development, and present further seclusion and a sense of privacy.

Every element of design has been meticulously considered, to provide an elegant modern home that has evolved over time, and that enhances the surrounding area.

Constructed using quality materials, including locally sourced natural stone/brick, natural slate and peg tile roofs, the luxury family homes will have elegant design features throughout.

Great care has been taken to design and source hand crafted bespoke Kitchens, Villeroy & Boch sanitaryware and Porcelanosa tiling, all giving a true feel of quality. Elegant high performance aluminium Sunrooms open out into garden areas, to compliment the Kitchen, offering the perfect dining and entertaining space.

Each individually designed property will benefit from generous accommodation, extending to circa 3000 sqft, to include 5 bedrooms, 3 bathrooms, an open plan kitchen and dining area leading to a sunroom, 3 further reception rooms, entrance lobby area featuring handcrafted joinery, a cloakroom / WC, a separate Utility/ Boot room and a double integrated garage. Master Bedrooms are offered with walk-in wardrobe areas featuring handcrafted bespoke joinery, flowing through to a luxurious en-suite. Great care and thought has been implemented during the design process to provide extensive, functional family living.

Individually designed, separate Living and family rooms to the ground floor, provide the perfect areas to relax and entertain. Design elements including recessed back lit ceilings and curtain housings provide further elegant design features. The living room has a feature fireplace area, with optional wood burner, and French Doors leading to the garden areas. A separate Study area provides an ideal Home Office area, away from the main family living areas.

Externally, there will be private gardens with patio / walkways, bespoke hardwood gates leading to large high-quality cobble set driveways, offering generous parking spaces for each property.

Designed with sustainability in mind, the properties will exceed the minimum energy efficiency requirements with double glazed windows, high efficiency gas central heating system and energy efficient lighting and fans/passive vents with humidity controls and optional Wood burning stoves. Underfloor heating is also provided throughout allowing for lower operating temperatures and cheaper running cost in comparison to traditional radiators. To maximise connectivity, all properties will be fitted with BT Broadband, designed to easily support multiple devices, as well as enabling faster home working, it is seen as a modern-day essential for many homebuyers.

Subject to progression on site and stage of construction, prospective purchasers will be offered the facility to individually tailor internal features, Kitchen ranges, Bathroom/Sanitary products and Flooring / Wall Tiling options from a carefully curated range of high-quality products.

ENRICHING LIFESTYLES

WELL CONNECTED

The magnificent Druridge Bay lies only 10 miles from the development

HARROW GRANGE

MORPETH IS A VERY ATTRACTIVE LOCATION AND POPULAR COMMUTER TOWN, SITUATED 16 MILES NORTH OF NEWCASTLE AND WITH EXCELLENT TRANSPORT LINKS INCLUDING EASY ACCESS TO THE A1.

Morpeth itself is well catered with local services including several supermarkets, restaurants, pubs, Sanderson Arcade shopping centre, leisure centre, good schools, hospital, medical and dental practices. King Edward VI High School is within the catchment area of the development, and regularly receives acclaim for outstanding performance from Ofsted. Northgate Hospital and Medical Centre is a 10 minute walk away, and Morpeth town centre is approximately 25 minutes walk.

Harrow Grange is located 500 metres from bus stops which provide regular services to Morpeth and onwards to Newcastle and Berwick, whilst Morpeth Railway Station provides trains to Newcastle every 30 minutes throughout the day, with several trains per day providing links to Berwick, Edinburgh and London Kings Cross.

THE DEVELOPERS

HARROW LIVING
LUXURY PROPERTIES

Harrow Living was born from the successful, Award Winning Building Consulting, Harrow Consulting which celebrated its 10 year anniversary in 2020.

Harrow Consulting are Chartered Building Surveyors, Project Managers and Architectural Designers based in Newcastle and have successfully delivered residential and commercial projects for a range of UK and International Clients.

Harrow Living have a vision to build a strong new brand in the executive housing market. We will provide homes of the highest quality, emphasising on elegant design and choice of quality materials. The Team at Harrow Living are able to draw on their vast experience of successfully delivering Client projects, to provide a Brand and residential offering suited to the affluent market, which we believe can far exceed the current market offering in the North East.

Harrow Living will work alongside Harrow Consulting throughout the construction period, utilising their considerable experience of designing, managing and leading construction projects.
