At CountyLife Homes, we understand that selling your existing home can be one of the biggest hurdles when buying new. That's why we're proud to offer a Part Exchange scheme, making your move into a beautifully designed CountyLife property smoother, faster, and stress-free.

HOW IT WORKS

1. Choose Your New CountyLife Home

Select your desired plot from our range of high-specification new build homes.

2. We Arrange Independent Valuations

We'll instruct a reputable local estate agent to value your current property — with Sanderson Young acting as our exclusive independent partner to provide professional, impartial assessments.

3. Receive a Formal Offer

Based on the valuation, we'll make a competitive part exchange offer for your current home. If you're happy, we'll proceed — no chains, no delays.

4. Reserve Your New Home

Once you accept our offer, your chosen CountyLife property is reserved for you. You stay in your existing home until your new one is ready.

5. Complete and Move In

When your new home is built and ready, both sales complete — making moving day easy and coordinated.
